Summary: The City of Albuquerque is requesting approval of the Facility Plan for Electric Service Transmission Facilities (2005-2015). The Electric Facility Plan, which has been updated regularly since it was first adopted in 1971, includes documentation, guidelines, and plans regarding existing and future electric facilities in unincorporated Bernalillo County and the City of Albuquerque, most of which are developed and operated by PNM. The plan also clarifies County and City processes through which new plan language or electric projects may be approved.
